The current crisis has put even more pressure on families to ensure their children are being fed, especially in communities where food insecurity already exists. To help in combating this issue, the Breakfast Club of Canada set up an emergency fund program, known as the BCC Emergency Fund: Created for Kids, to support families in need. The fund is designed to provide immediate assistance with food and other basic needs for families affected by the pandemic.

This toolkit provides guidance on how to set up a breakfast program in the current environment and includes resources to help schools and organizations provide healthy meals to children.

**Emergency Food Assistance: Stories to Uplift and Inspire**

Here are some initiatives that are making a big difference in their communities. These programs are adapting their models to continue bringing healthy breakfasts to kids who need it, in the safest and fastest way possible. To date, the Breakfast Club of Canada has reached out to the families of 95,000 students, providing nutritious meals to those in need.

**Recipe for a Smooth(ie) Summer!**

Smoothies are a magical food as they are both delicious and nutritious. They are also an excellent way to increase our fruit and vegetable intake in a fun and refreshing manner. With summer just around the corner, a refreshing and nourishing fruit smoothie might be a perfect way to cool down at home.

**Enjoy Your Summer! See You Soon!**

We’re already coming to the end of the school year. If you are reading this, your school year might already be over, or you might be looking forward to the end of the summer break. No matter what stage of your school year you find yourself in, remember the importance of providing healthy breakfasts to kids. They are providing a warm, welcoming environment for children to discover new foods and learn healthy eating habits. They are helping them get ready for the day ahead.

**Adapting Our Programs to Continue Bringing Healthy Breakfasts to Kids**

The Breakfast Club of Canada is a hub for student nutrition in Nunavut, Canada’s most northern community. Located in Grise Fiord, Nunavut, Umimmak School faced unique challenges to food access due to their remote location. Using emergency funds, the school is now distributing a breakfast program to each student.
