## BREAKFAST SINGLE SERVING CHART

The purpose of this document is to help you prepare and plan your breakfast program. The proposed quantities are provided for reference only.
As a reminder, students are in the best position to determine what it takes to satisfy their appetite.

The Breakfast Club of Canada uses this tool to calculate how much of each food product is sent to schools. For all individually packaged products, we calculate one product per student. If a student is still hungry, we recommend you offer a second portion.
